**MARKERS:** Markers will be supplied in class. However, if you would like to purchase a set of markers, here is what I would recommend:

**Alcohol**-based marker set of at least 30 colors Whatever brand you do choose, make sure that your set comes with a colorless blender marker.

- For **beginners** with looking for an **inexpensive** but decent marker, I'd recommend Ohuhu Alcohol Markers or Caliart Markers. Look for them on Amazon.
- For the **intermediate** student willing to spend more for quality, I'd recommend Prisma Color Double-Ended Art Markers and Spectrum Noir (all reputable art stores).
- The **BEST** quality marker brand is Copic. These markers are amazing, refillable, have replaceable nibs, and come in the best colors; however, they are expensive. There is a way to get them for less- if you look on Ebay for "copic marker lots" or "used copic markers," you can get some great deals.

**Websites you can get these materials from:** Dick Blick, Amazon, Jerry's Artarama, Cheap Joe's, Binder's etc.
