Collage Compilations: Expanding Our Collage Practice

Instructor: Moira De Ninno

mrdnnn@gmail.com

You may empty junk drawers in your home, clear off desktops, or collect remains from previous craft projects. Feel free to hit your local thrift stores, library book sales, or anywhere that you might find ephemera (small papers that might mark a memory like paper correspondence, postcards from travels, ticket stubs...)

In the weeks leading up to class you may gather the following:

- Book pages (art books, picture books, old textbooks), magazines, greeting cards, junk mail, old journal pages, receipts, paper scraps (craft, tissue, wrapping), sheet music, old photographs, stamps, or any paper that inspires you.
- Glue sticks
- Craft knife or a pair of small craft scissors
- **Circle and star punches and/or circle and star templates**

IF they are included in your craft arsenal, please feel free to bring the following: ink pads, acrylic craft paints, paint pens, scrap papers, markers, colored pencils
