

Supply List

Flush Setting

Instructor: Joanne Hernandez
joanne@joannehernandezmetals.com

The Materials Kit

May be purchased from the Instructor the first day of class for \$30.00, payable in either cash or check written to the instructor. The following is included in the kit

- flush setting tool- graver handle/shaped steel end
- 3 sizes of setting burs- 1 of each size- 1.5 mm, 2.0 mm, 3.0 mm
- 3 sizes of bud burs- 1 of each size- 1.0 mm, 1.4mm, and 2.1 mm
- 3 sizes of drill bits- 1 of each size- .79 mm (#68), 1.02 mm (#60), and 1.32 mm (#55)
- 3 sizes of white czs- 6 of each size- 1.5 mm, 2.0 mm and 3.0 mm

Required

- 1/2" X 2" 14G sterling silver sheet (can be larger, but not smaller, please).
- Optivisor or other magnification visor with 2.5x (#5) and preferably additional 3.5x (#10) magnification lens (needed to see when working with 1.5mm stones and smaller) OR 10x loupe. Visor magnification makes it easier to set stones than with a loupe. Optivisor brand is well built and will last for decades. It fits well and is comfortable, and is a smart purchase for anyone serious amount stone setting and detailed work.
- Toothbrush

Optional

- Apron
- Notebook/Sketch book and pen/pencil for sketches or notes
- Camera
- Sack Lunch & Drink

Please remember: Rubber bands or barrettes to keep long hair away from spinning flexshafts
