

## Supply List

### Crochet Zipper Bag

Instructor: Jamie Kulig

[jamiemuklig@protonmail.com](mailto:jamiemuklig@protonmail.com)

### Pattern

Crochet pattern is included with the class. I will provide a digital copy before our first workshop. You may print it out or save the PDF to your digital devices.

Please print entire pattern - ALL PAGES - for our second session. Included is a sewing pattern for the lining that will make things easier for you. 😊

This is a pattern I wrote myself and sell online, so please do not distribute outside of the class! Thank you!

### Yarn

To create a bag like the one pictured with the class listing, you will need the following yarn:

- Yarn - Weight 4 - any fiber will do, I prefer cotton for lined bags like this
  - 1 Skein Pink
  - 1 Skein Orange
  - 1 Skein Gold

**OR** you may choose your own color scheme of 3 different colors, 1 skein each. You can also do a single solid color and should only need 1 skein for this small bag. Be sure to choose a yarn weight of 4, do not mix weights! And avoid mixing fibers if at all possible. *DO NOT SHOP BY COLOR ALONE.*

### Lining

- .25 yds each natural muslin & calico
- 6" zipper
- thread (match to calico)
- Optional tassel: 1 skein of 2 colors of embroidery floss, wooden beads, 3" cardboard

## Tools

- Crochet Hook J - a basic aluminum hook will work as you get started. I strongly suggest Boye hooks available at most big box stores.
- Scissors
- Yarn needle (metal darning needle preferable)
- Measuring Tape
- Stitch Markers (or safety pins)
- Straight Pins
- Sewing Needle
- Sewing Scissors
- Sewing machine (or hand sew)
