

Supply List

Mosaics (Beginning, Intermediate, and Advanced)

Instructor: Julie Mazzoni

mazztroop@yahoo.com

The goal of these classes is to introduce students to the joy of mosaic and to explore your own creativity and imagination. No matter what artistic background or experience you have in mosaics, you'll find mosaic is a fun and approachable medium and can be a constant source of learning.

Your **\$25** supply fee covers all tools and supplies you'll need to create mosaics. HOWEVER- there are so many possibilities with mosaic that Spruill cannot possibly provide for every option. We have many substrates (but not all), many tesserae options (but not all), and well used tools for your use. Grout and adhesives options are also provided.

RECOMMENDED TOOLS to purchase:

- Leponitt Wheeled Nippers (available online)
- Pistol Grip Glass Scorer (TOYO brand recommended)
- Running Pliers (not plastic)

RECOMMENDED personal protective equipment:

- Eye protection.
- **Nitrile gloves.**
- **N95 masks. N95 masks are recommended when mixing cement based products such as thinset and grout as inhalation of dust causes lung disease.**

As you progress with mosaics, you will begin to build preferences for tools, adhesives and tesserae. Spruill strives to provide many options for your use, but you are encouraged to purchase your preferred tools and materials. This also allows you to work at home between classes and find your voice as a mosaic artist.
