- A Sketchbook: Preferably one with sturdy paper suitable for paint. It can be new or something you have already started.
- Pencils, Pens, Markers and Erasers: A set of your preferred drawing tools in your favorite colors
- Acrylic Paints: Pick your favorite color palette or 4 or 5 colors.
- Brushes: These can be inexpensive brushes with a variety of sizes.
- Pair of Scissors
- Ephemera: Think ticket stubs, handwritten notes, postcards, a cool design from packaging, a doodle your kids made, a striking image from a magazine, a scrape of wrapping paper, paint chip samples from the hardware store, favorite photographs (photocopy them if you don't want to mess up the original), etc.
Basically anything that is paper based that speaks to you and you don't mind painting or writing over.
