Instructor will reach out via email a week before the class to remind you of the supplies to bring

- 3 to 4 magazines with images that appeal to you and you're ok with cutting.
- Pencils, Pens, and Markers: Anything you have around the house. These don't have to be fancy. You can bring your favorite pen and crayons.
- Pair of Scissors
- Ephemera: Think ticket stubs, handwritten notes, postcards, a cool design from packaging, a doodle your kids made, a striking image from a magazine, a scrape of wrapping paper, paint chip samples from the hardware store, favorite photographs (photocopy them if you don't want to mess up the original), etc.
Basically anything that is paper based that speaks to you and you don't mind painting or writing over.
